

# Accepted Manuscript

Circadian Clock-Gastrointestinal Peptide Interaction in Peripheral Tissues and the Brain

Dominic Landgraf, Anne-Marie Neumann, Henrik Oster

PII: S1521-690X(17)30105-7

DOI: [10.1016/j.beem.2017.10.007](https://doi.org/10.1016/j.beem.2017.10.007)

Reference: YBEEM 1171

To appear in: *Best Practice & Research Clinical Endocrinology & Metabolism*

Please cite this article as: Landgraf D, Neumann A-M, Oster H, Circadian Clock-Gastrointestinal Peptide Interaction in Peripheral Tissues and the Brain, *Best Practice & Research Clinical Endocrinology & Metabolism* (2017), doi: 10.1016/j.beem.2017.10.007.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Circadian Clock-Gastrointestinal Peptide Interaction in Peripheral Tissues and the Brain
