FLCN: The causative gene for Birt-Hogg-Dubé syndrome

Laura S. Schmidt, W. Marston Linehan

PII: S0378-1119(17)30776-X
DOI: doi:10.1016/j.gene.2017.09.044
Reference: GENE 42193

To appear in: *Gene*

Received date: 26 June 2017
Revised date: 11 September 2017
Accepted date: 21 September 2017

Please cite this article as: Laura S. Schmidt, W. Marston Linehan , FLCN: The causative gene for Birt-Hogg-Dubé syndrome. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Gene(2017), doi:10.1016/j.gene.2017.09.044

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
