

## Accepted Manuscript

Title: Conditional knock-down of a novel coccidian protein leads to the formation of aberrant apical organelles and abrogates mature rhoptry positioning in *Toxoplasma gondii*

Authors: Juliette Morlon-Guyot, Laurence Berry, Isabelle Sauquet, Gurman Singh Pall, Hiba El Hajj, Markus Meissner, Wassim Daher

PII: S0166-6851(18)30089-6  
DOI: <https://doi.org/10.1016/j.molbiopara.2018.06.003>  
Reference: MOLBIO 11131

To appear in: *Molecular & Biochemical Parasitology*

Received date: 20-4-2018  
Revised date: 23-6-2018  
Accepted date: 23-6-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Conditional knock-down of a novel coccidian protein leads to the formation of aberrant apical organelles and abrogates mature rhoptry positioning in *Toxoplasma gondii***
