More evolution underground: Accelerated mitochondrial substitution rate in Australian burrowing freshwater crayfishes (Decapoda: Parastacidae)

Han Ming Gan, Mun Hua Tan, Yin Peng Lee, Mark B. Schultz, Pierre Horwitz, Quinton Burnham, Christopher M. Austin

PII: S1055-7903(17)30441-4
DOI: <https://doi.org/10.1016/j.ympev.2017.09.022>
Reference: YMPEV 5932

To appear in: *Molecular Phylogenetics and Evolution*

Received Date: 12 June 2017
Revised Date: 18 August 2017
Accepted Date: 26 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
