Title: Linking lung function to structural damage of alveolar epithelium in ventilator-induced lung injury

Authors: Katharine L. Hamlington, Bradford J. Smith, Celia M. Dunn, Chantel M. Charlebois, Gregory S. Roy, Jason H.T. Bates

PII: S1569-9048(18)30045-4
DOI: <https://doi.org/10.1016/j.resp.2018.05.004>
Reference: RESPNB 2966

To appear in: *Respiratory Physiology & Neurobiology*

Received date: 9-2-2018
Revised date: 2-5-2018
Accepted date: 5-5-2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Linking Lung Function to Structural Damage of Alveolar Epithelium in
Ventilator-Induced Lung Injury**
