This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Predictors of Intra-Aortic Balloon Pump Hemodynamic Failure in Non-Acute Myocardial Infarction Cardiogenic Shock

Steven Hsu, MD¹; Swetha Kambhampati, MD¹; Christopher M. Sciortino, MD PhD²; Stuart D. Russell, MD¹; Steven P. Schulman, MD¹

¹ Division of Cardiology, Department of Medicine, Johns Hopkins University School of Medicine, Baltimore, MD

² Division of Cardiothoracic Surgery, Department of Surgery, University of Pittsburgh Medical Center, Pittsburgh, PA

Brief Title: Predictors of IABP Failure in Cardiogenic Shock

Author disclosures: All authors have no relationships with industry.

Address for Correspondence:

Steven Hsu, MD

Assistant Professor of Medicine

600 N. Wolfe Street / Halsted 500D

Baltimore, MD 21205

Telephone: 410-955-7534

Fax: 410-800-4073

email: steven.hsu@jhmi.edu
