Symptomatic Event Reduction with Extended-Duration Betrixaban in Acute Medically Ill Hospitalized Patients

C. Michael Gibson, Tarek Nafee, Megan K. Yee, Gerald Chi,
Serge Korjian, Yazan Daaboul, Fahad AlKhalfan, Mathieu
Kerneis, Samuel Z. Goldhaber, Russel Hull, Adrian F. Hernandez,
Alexander T. Cohen, Robert A. Harrington

PII: S0002-8703(17)30403-9
DOI: <https://doi.org/10.1016/j.ahj.2017.12.015>
Reference: YMHI 5603

To appear in:

Received date: 6 August 2017
Accepted date: 19 December 2017

Please cite this article as: C. Michael Gibson, Tarek Nafee, Megan K. Yee, Gerald Chi, Serge Korjian, Yazan Daaboul, Fahad AlKhalfan, Mathieu Kerneis, Samuel Z. Goldhaber, Russel Hull, Adrian F. Hernandez, Alexander T. Cohen, Robert A. Harrington , Symptomatic Event Reduction with Extended-Duration Betrixaban in Acute Medically Ill Hospitalized Patients. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Ymhj(2017), <https://doi.org/10.1016/j.ahj.2017.12.015>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
