Function-Related Protein Expression in Fuchs Endothelial Corneal Dystrophy Cells and Tissue Models

Mathieu Thériault, Sébastien P. Gendron, Isabelle Brunette, Patrick J. Rochette, Stéphanie Proulx

PII: S0002-9440(17)31043-X

DOI: [10.1016/j.ajpath.2018.03.014](https://doi.org/10.1016/j.ajpath.2018.03.014)

Reference: AJPA 2885

To appear in: *The American Journal of Pathology*

Accepted Date: 30 March 2018

Please cite this article as: Thériault M, Gendron SP, Brunette I, Rochette PJ, Proulx S, Function-Related Protein Expression in Fuchs Endothelial Corneal Dystrophy Cells and Tissue Models, *The American Journal of Pathology* (2018), doi: 10.1016/j.ajpath.2018.03.014.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Function-Related Protein Expression in Fuchs Endothelial Corneal Dystrophy Cells and Tissue Models

AUTHORS:

Mathieu Thériault,¹ Sébastien P. Gendron,¹ Isabelle Brunette,² Patrick J. Rochette,¹ Stéphanie Proulx^{1*}

AFFILIATIONS:

1. Centre de recherche du Centre hospitalier universitaire (CHU) de Québec – Université Laval, axe médecine régénératrice, Hôpital du Saint-Sacrement, Québec, QC, Canada; Centre de recherche en organogénèse expérimentale de l'Université Laval / LOEX, Québec, QC, Canada and Département d'ophtalmologie, Faculté de médecine, Université Laval, Québec, QC, Canada.
2. Centre de recherche de l'Hôpital Maisonneuve-Rosemont (HMR), Montréal, QC, Canada and Faculté de médecine, Département d'ophtalmologie, Université de Montréal, Montréal, QC, Canada.

Number of text pages: 3

Number of tables: 0

Number of figures: 5

Short running title

Function-related proteins in FECD models

Funding: Supported by Canadian Institutes of Health Research (CIHR) grant #MOP-106517 (I.B., P.J.R., S.P.) and the “Réseau de thérapie cellulaire et tissulaire” (ThéCell). M.T. held a studentship “Bourse d'excellence au doctorat du Centre LOEX / UL pour la recherche en vision”, and S.G. from the FRQ-S. I.B. is the recipient of the Charles-Albert Poissant Research Chair in Corneal Transplantation,
