This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A Genetic Association Study of Carotid Intima-Media Thickness (CIMT) and Plaque in Mexican Americans and European Americans with Rheumatoid Arthritis

A short title: Arya et al. Genetic Associations of CIMT and Plaque

Rector Arya^{1*}, Agustin Escalante², Vidya S. Farook¹, Jose F. Restrepo², Daniel F. Battafarano³, Marcio Almeida¹, Mark Z. Kos¹, Marcel J. Fourcaudot⁴, Srinivas Mummidi¹, Satish Kumar¹, Joanne E. Curran¹, Christopher P. Jenkinson¹, John Blangero¹, Ravindranath Duggirala¹, Inmaculada del Rincon²
