Vol. 27 Supplement 2, 2018

ABSTRACTS FOR THE 66TH CARDIAC SOCIETY OF AUSTRALIA AND NEW ZEALAND ANNUAL SCIENTIFIC MEETING, THE INTERNATIONAL SOCIETY FOR HEART RESEARCH AUSTRALASIAN SECTION ANNUAL SCIENTIFIC MEETING AND THE 12TH ANNUAL AUSTRALIA AND NEW ZEALAND ENDOVASCULAR THERAPIES

- S41** Recombinant Human Platelet-Derived Growth Factor AB Improves Cardiac Function and Decreases Ventricular Arrhythmias by Modulating Scar and Angiogenesis After Myocardial Infarction
S. Thavapalachandran, S. Grieve, L. Le, G. Figtree, J. Pouliopoulos, A. Barry, P. Brown, J. Lu, K. Raguram, P. Kovoov, R. Denniss, A. Sindone, E. Kizana, M. Feneley, R. Graham, R. Harvey and J. Chong
- S42** Remote Ischaemic Preconditioning Attenuates Thrombin-Mediated Conformational Activation of Platelet Glycoprotein IIb/IIIa, the Generation of Procoagulant Platelets, and Platelet Mitochondrial Membrane Depolarisation in Patients Receiving Antiplatelet Therapy: A Randomised Blinded Placebo-Controlled Study
J. Lau, G. Pennings, C. Reddel, H. Campbell, H. Liang, M. Traini, A. Yong, V. Chen and L. Kritharides
- S42** Titin Truncation Position Determines Propensity for Dilated Cardiomyopathy, Impaired Ventricular Relaxation and Passive Stiffness in Zebrafish
L. Wang, I. Huttner, C. Santiago, D. Hesselson, K. Smith, W. Linke, M. Feneley and D. Fatkin
- S43** Atrial Stasis Measured by Cardiac Magnetic Resonance 4D Flow Particle Tracing is Present During Sinus Rhythm in Patients with Paroxysmal Atrial Fibrillation, and is Associated with Higher Cardio-Embolic Risk
B. Costello, A. Voskoboinik, M. Qadri, J. Hare, A. La Gerche, M. Thompson, M. Rudman, P. Kistler and A. Taylor
- S43** Development and Validation of a Novel Microwave Transcatheter Renal Denervation System and an Intraprocedural Physiological End Point for Renal Sympathetic Denervation
P. Qian, M. Barry, J. Lu, S. Al-Raisi, A. Mina, J. Ryan, S. Bhandokar, S. Alvarez, V. James, J. Ronquillo, W. Varikatt, Z. Clayton, J. Chong, P. Kovoov, J. Pouliopoulos, A. McEwan, A. Thiagalingam and S. Thomas
- S44** Reduction in Mortality from Implantable Cardioverter Defibrillators in Non-Ischaemic Cardiomyopathy Patients is Dependent on the Presence of Left Ventricular Scar
S. Gutman, B. Costello, L. Iles, J. Ja, J. Hare, A. Ellims, T. Marwick and A. Taylor
- S44** Cardiopulmonary Fitness and Cardiac Reserve 9 Months After the Completion of Anthracycline-Based Chemotherapy with or without Concurrent Exercise Training
S. Foulkes, S. Fraser, E. Howden, A. Bigaran, R. Beaudry, K. Janssens, Y. Antill, S. Loi, R. Daly, S. Selig and A. La Gerche
- S45** Cost-Utility Analysis of Home-Based Tele-Rehabilitation Compared with Centre-Based Programme in Patients with Heart Failure
R. Hwang, J. Bruning, N. Morris, A. Mandrusiak and T. Russell
- S45** Effect of High-Intensity Interval Training on Cardiorespiratory Fitness and Blood Pressure in Patients with Coronary Artery Disease
J. Taylor, D. Holland, S. Keating, T. Bailey, M. Leveritt and J. Coombes
- S46** Factors Associated with Escalating Hospitalisations for Non-Valvular Atrial Fibrillation in Western Australia Between 2000 and 2013
C. Weber, J. Hung, S. Hickling, B. McQuillan, I. Li and T. Briffa
- S46** Ethnic Differences in Coronary Luminal Volume, Left Ventricular Mass and Computed Tomography-Derived Fractional Flow Reserve
A. Ithayhid, D. Adams, M. Goeller, D. Dey, U. Thakur, G. Yap, J. Cameron, S. Seneviratne, S. Achenbach and B. Ko

- S47** Myocardial Work Using Non-Invasive Pressure Strain Loops can Predict Severe Coronary Artery Stenosis in Patients with Normal Left Ventricular Wall Motion: Insights from the CATHARSIS Trial
N. Edwards, G. Scalia, S. Sabapathy, B. Anderson, R. Chamberlain and J. Chan
- S47** The Prognostic Importance of Myocardial Fibrosis Detected by Late-Gadolinium Enhancement Cardiovascular Magnetic Resonance in New-Presentation Dilated Cardiomyopathy
K. Sree Raman, G. Nucifora, D. Leong, C. Marx, R. Shah, R. Woodman, P. Molaee, M. Shirazi, A. McGavigan, C. De Pasquale and J. Selvanayagam
- S48** Utility of Whole-Body 18F-Fluorodeoxyglucose Positron Emission Tomography to Diagnose Isolated Cardiac Sarcoid
L. Giudicatti, J. Marangou, D. Nolan, L. Dembo, J. Baumwol, N. Stoyanov, A. Rajwani, A. Gupta, J. Rankin and G. Dwivedi
- S48** A Prospective Evaluation of Whole-Exome Sequencing in Idiopathic Dilated Cardiomyopathy and Related Phenotypes
J. Ramchand, M. Wallis, O. Farouque, A. Trainer, I. Macciocca, E. Lynch, M. Martyn, D. Phelan, B. Chong, D. Zentner, J. Vohra, P. James and D. Hare, Melbourne Genomics Health Alliance
- S49** Clinical and Genetic Challenges In Adult-Onset Left Ventricular Non-Compaction
S. Barratt Ross, R. Bagnall, E. Driscoll, J. Ingles, R. Puranik and C. Semsarian
- S49** Loss of Mitochondrial RNA Binding Protein PTCD1 Leads to Cardiomyopathy
L. Hughes, K. Perks, G. Rossetti, J. Ermer, H. Viola, L. Hool and A. Filipovska
- S50** Tasmanian Patients with Hypertrophic Cardiomyopathy have a High Incidence of Ischaemic Heart Disease
J. Tay, C. Fu, K. Ogden and J. Marathe
- S50** Impact of Cardiac Rehabilitation on Late Clinical Outcomes: Non-Attenders Versus Attenders On Behalf of the South Australian Public Hospital Cardiac Rehabilitation Service Providers
C. Astley, D. Chew, R. Clark, W. Keech, M. Horsfall, P. Tideman, R. Tirimacco, J. Beltrame, R. Tavella, C. Zeitz, M. Arstall and S. Nicholls
- S50** Is it Necessary to Fast Before Cardiac Catheterisation?
S. Bacus, R. Parke, J. Parsons and J. Somaratne
- S51** Screening for Mild Cognitive Impairment in Patients with Heart Failure Identifies Increase Healthcare Utilisation and Activities of Daily Living: A Cross-Sectional Study
L. Hickman, J. Phillips, P. Davidson, P. Macdonald and P. Newton
- S52** Self-Care Support Needs of Patients and their Carers Across the Heart Failure Illness Trajectory: A Mixed-Methods Longitudinal Study
G. Paull, P. Newton and P. Davidson
- S52** A Culturally Appropriate Model of Care Improves Cardiac Outcomes for Aboriginal and Torres Strait Islander Patients with Acute Coronary Syndrome in a Tertiary Cardiac Centre
D. Harrop, V. Bryce, S. Grugan, S. Renouf, H. Michael, G. Hasking, A. Ng and W. Wang
- S53** Breakfast Cereal Consumption and Cardiovascular Risk for Older Australians
X. Xu, D. Parker and S. Inglis
- S53** High Stroke Risk of Patients Aged ≥ 65 Years with Screen-Detected Atrial Fibrillation: Collaboration and Meta-Analysis of 15 Screening Studies
N. Lowres, T. Chao, S. Chen, Y. Chen, A. Diederichsen, D. Fitzmaurice, J. Gomez-Doblas, J. Harbison, F. Hobbs, F. Kaasenbrood, V. Lee, J. Lindholt, G. Lip, G. Mairesse, D. McManus, J. Muñiz García, J. Orchard, L. Pérula De Torres, M. Proietti, E. Rioboó, A. Roalfe, R. Schnabel, B. Smyth, A. Soni, R. Tieleman, J. Wang, P. Wild, B. Yan and B. Freedman
- S54** Long-Term Mortality Following Acute Myocardial Infarction in Australia and New Zealand: a Population-Wide Study
B. Nadlacki, D. Horton, C. Labrosciano, S. Hossain, S. Hariharaputhiran, B. Aliprandi-Costa, R. Adams, R. Visvanathan and I. Ranasinghe
- S55** Impaired Left Atrial Strain Predicts Abnormal Haemodynamics in Heart Failure with Preserved Ejection Fraction
F. Telles, S. Nanayakkara, S. Evans, D. Vizi, J. William, T. Marwick and D. Kaye
- S55** Long-Term Mortality Following Hospitalisation for Heart Failure in Australia and New Zealand: a Population-Wide Study
S. Hariharaputhiran, D. Horton, S. Hossain, C. Labrosciano, B. Nadlacki, R. Adams, R. Visvanathan and I. Ranasinghe
- S56** Mechanical Dispersion and Global Longitudinal Strain Improve Risk Stratification of Malignant Ventricular Arrhythmias and Sudden Cardiac Death Over Ejection Fraction Alone
R. Perry, S. Patil, M. Horsfall, C. Marx, D. Chew, M. Joseph, A. Ganesan, A. McGavigan, G. Nucifora and J. Selvanayagam
- S57** Predictors of Congestive Heart Failure Hospitalisation Following Acute Pulmonary Embolism
J. Ne, V. Chow, L. Kritharides and A. Ng
