Word count: 5000

Address for correspondence:
Quynh A. Truong, MD MPH FACC FAHA FSCCT
Associate Professor of Radiology and Medicine
Weill Cornell Medicine, Dept. of Radiology
525 E. 68th Street, L-024, New York, NY 10021
Email: qat9001@med.cornell.edu
(Tel) 212-746-4095

Journal Subject Codes: [30] CT and MRI, [150] Imaging, [106] Electrophysiology

Funding Sources: The study was supported by NIH/NHLBI K23HL098370 and Abbott (formerly St. Jude Medical). Dr. Truong also received support from the NIH L30HL093896 and in-kind support from Medis Medical Imaging Systems.

Disclosures: Dr. Truong received grant support from Ziosoft, USA, and was consultant to American College of Radiology, Society of Cardiovascular Computed Tomography, Aralez
