This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Genome-wide Association Study of Heart Rate and Its Variability in Hispanic/Latino Cohorts

SHORT TITLE

GWAS of heart rate traits in Hispanics/Latinos

The authors have no conflicts of interest related to this report.
