This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Title:** Transvenous approach to pacemaker lead implantation for sinus node dysfunction after extracardiac lateral tunnel Fontan conduit placement

**Short Title:** Transvenous pacemaker implantation in Fontan patients with sinus node dysfunction.

**Authors:** Edward O'Leary, MD<sup>1</sup>; Mark E. Alexander, MD<sup>2</sup>; Francis Fynn-Thompson, MD<sup>3</sup>; Douglas Mah, MD<sup>2</sup>
