This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

# Non-alcoholic Fatty Liver Disease and Increased Risk of All-Cause Mortality in Elderly Patients Admitted for Acute Heart Failure

**Short Title:** NAFLD predicts all-cause death in HF patients

Filippo Valbusa, MD<sup>1</sup>, Davide Agnoletti, MD<sup>1</sup>, Luca Scala, MD<sup>1</sup>, Cristina Grillo MD<sup>1</sup>, Pietro Arduini, MD<sup>2</sup>, Stefano Bonapace, MD<sup>3</sup>, Stefano Calabria, MD<sup>1</sup>, Giuliana Scaturro, MD<sup>1</sup>, Alessandro Mantovani, MD<sup>4</sup>, Giacomo Zoppini, MD<sup>4</sup>, Emanuela Turcato, MD<sup>2</sup>, Aldo Pietro Maggioni, MD<sup>5</sup>, Guido Arcaro, MD<sup>1</sup>, Giovanni Targher, MD<sup>4</sup>

<sup>1</sup>Division of General Medicine “Sacro Cuore-Don Calabria” Hospital, Negrar (VR), Italy

<sup>2</sup>Division of Geriatrics, “Sacro Cuore-Don Calabria” Hospital, Negrar (VR), Italy

<sup>3</sup>Division of Cardiology, “Sacro Cuore-Don Calabria” Hospital, Negrar (VR), Italy

<sup>4</sup>Section of Endocrinology, Diabetes and Metabolism, Department of Medicine, University and Azienda Ospedaliera Universitaria Integrata of Verona, Verona, Italy

<sup>5</sup>ANMCO Research Center, Florence, Italy

**Disclosures:** All authors of the manuscript take responsibility for all aspects of the reliability and freedom from bias of the data presented and their discussed interpretation.

**Conflicts of interest:** nothing to declare.

**Funding sources:** GT is supported in part by grants from the University School of Medicine of Verona, Verona, Italy.

**Word count:** 247 abstract; 3,551 text (*excluding* manuscript title, references, figure legends, and tables); n=2 **Tables**; n=2 **Figures**; n=2 **Supplementary Figures**; n=1 **Supplementary Table**.

**References=36**
