Vascular response and healing profile of everolimus-eluting bioresorbable vascular scaffolds for percutaneous treatment of chronic total coronary occlusions: A one-year optical coherence tomography analysis from the GHOST-CTO registry

Alessio La Manna, Eligio Micciché, Guido D'Agosta, Gabriel Tensol Rodrigues Pereira, Guilherme Ferragut Attizzani, Piera Capranzano, Davide Capodanno, Corrado Tamburino

PII: S0167-5273(17)34130-X
DOI: doi:[10.1016/j.ijcard.2017.10.107](https://doi.org/10.1016/j.ijcard.2017.10.107)
Reference: IJCA 25616

To appear in: *International Journal of Cardiology*

Received date: 8 July 2017
Revised date: 30 August 2017
Accepted date: 25 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Vascular Response and Healing Profile of Everolimus-Eluting Bioresorbable Vascular Scaffolds for Percutaneous Treatment of Chronic Total Coronary Occlusions: A One-Year Optical Coherence Tomography Analysis from the GHOST-CTO Registry

Alessio La Manna¹, MD, Eligio Micciché¹, MD, Guido D'Agosta¹, MD, Gabriel Tensol Rodrigues Pereira², MD, Guilherme Ferragut Attizzani², MD, Piera Capranzano¹, MD, Davide Capodanno¹, MD, PhD, Corrado Tamburino¹, MD, PhD

¹Dipartimento Cardio-Toraco-Vascolare, Ferrarotto Hospital, University of Catania, Via Citelli 6, 95124 Catania, Italy; ²Harrington Heart and Vascular Institute, University Hospitals, Cleveland Medical Center, 11100 Euclid Avenue Lakeside 3113 Cleveland, Ohio, United States of America

Conflict of Interest: Guilherme Ferragut Attizzani is consultant for Abbott Vascular, Medtronic and Edwards and proctor for Medtronic and Edwards lifesciences; Davide Capodanno received speaker's and consulting fees from Abbott Vascular. Corrado Tamburino received speaker's honoraria from Abbott Vascular and research grants from Edwards Lifesciences.
