JACC: HEART FAILURE CME

This article has been selected as the month's *JACC: Heart Failure* CME activity, available online at <http://www.acc.org/jacc-journals-cme> by selecting the CME tab on the top navigation bar.

Accreditation and Designation Statement

The American College of Cardiology Foundation (ACCF) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The ACCF designates this Journal-based CME activity for a maximum of 1 *AMA PRA Category 1 Credit(s)*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Method of Participation and Receipt of CME Certificate

To obtain credit for *JACC: Heart Failure* CME, you must:

1. Be an ACC member or *JACC* subscriber.
2. Carefully read the CME-designated article available online and in this issue of the journal.
3. Answer the post-test questions. At least 2 out of the 3 questions provided must be answered correctly to obtain CME credit.
4. Complete a brief evaluation.

5. Claim your CME credit and receive your certificate electronically by following the instructions given at the conclusion of the activity.

CME Objective for This Article: After reading this article, the reader should be able to discuss: 1) how recent provisions of the Hospital Readmissions Reduction Program affected readmission policies for patients with heart failure; 2) how processes of care and long-term clinical outcomes for heart failure hospitalizations were impacted by the Hospital Readmissions Reduction Program in this study; and 3) the possible challenges of using 30-day readmission rates for heart failure as a tool to identify hospitals with high vs. low quality of care.
