## **Accepted Manuscript**

Comparison of laboratory and ambulatory measures of central blood pressure and pulse wave reflection: hitting the target or missing the mark?

Matthew J. Burns, Jeremy D. Seed, Anthony V. Incognito, Connor J. Doherty, Karambir Notay, Philip J. Millar

PII: \$1933-1711(18)30019-6

DOI: 10.1016/j.jash.2018.01.014

Reference: JASH 1132

To appear in: Journal of the American Society of Hypertension

Received Date: 15 September 2017

Revised Date: 12 January 2018 Accepted Date: 30 January 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
