This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**TITLE:** Evidence of Cognitive Bias in Decision Making around Implantable-Cardioverter Defibrillators: A Qualitative Framework Analysis

Authors: Daniel D. Matlock MD, MPH Colorado Cardiovascular Outcomes Research Consortium, University of Colorado School of Medicine, Aurora, USA;

Jacqueline Jones PhD, RN, University of Colorado School of Nursing, Aurora, USA;

Carolyn T. Nowels MSPH Division of General Internal Medicine, University of Colorado School of Medicine, USA;

Amy Jenkins MS, Colorado Cardiovascular Outcomes Research Consortium, University of Colorado School of Medicine, Aurora, USA;

Larry A. Allen MD, MHS, Colorado Cardiovascular Outcomes Research Consortium, University of Colorado School of Medicine, Aurora, USA;

Jean S. Kutner, MD, MSPH Division of General Internal Medicine, University of Colorado School of Medicine, Aurora, USA.

**Corresponding Author:**

Dan D. Matlock MD MPH

Associate Professor of Medicine

University of Colorado School of Medicine
