To appear in: *Journal of Electrocardiology*

Please cite this article as: Coult Jason, Kwok Heemun, Sherman Lawrence, Blackwood Jennifer, Kudenchuk Peter J., Rea Thomas D., Ventricular fibrillation waveform measures combined with prior shock outcome predict defibrillation success during cardiopulmonary resuscitation, *Journal of Electrocardiology* (2017), doi: [10.1016/j.jelectrocard.2017.07.016](https://doi.org/10.1016/j.jelectrocard.2017.07.016)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Title**

Ventricular fibrillation waveform measures combined with prior shock outcome predict defibrillation success during cardiopulmonary resuscitation

**Authors**
