The association between muscle mass deficits and arterial stiffness in middle-aged men

I.J. Im, H.J. Choi, S.M. Jeong, H.J. Kim, J.S. Son, H.J. Oh

PII: S0939-4753(17)30228-4

DOI: [10.1016/j.numecd.2017.10.002](https://doi.org/10.1016/j.numecd.2017.10.002)

Reference: NUMECD 1783

To appear in: *Nutrition, Metabolism and Cardiovascular Diseases*

Received Date: 26 May 2017

Revised Date: 25 August 2017

Accepted Date: 1 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

The association between muscle mass deficits and arterial stiffness in middle-aged men
