Endoglin Pathway Genetic Variation in Preeclampsia: A Validation Study in Norwegian and Latina Cohorts

Mandy J. Schmella, James M. Roberts, Yvette P. Conley, Dianxu Ren, Gro L. Storvold, Sue A. Ingles, Melissa L. Wilson, Anne Catherine Staff, Carl A. Hubel

PII: S2210-7789(17)30057-0
DOI: <https://doi.org/10.1016/j.preghy.2017.10.005>
Reference: PREGHY 345

To appear in: *Pregnancy Hypertension: An International Journal of Women's Cardiovascular Health*

Received Date: 23 March 2017
Revised Date: 5 October 2017
Accepted Date: 14 October 2017

Please cite this article as: Schmella, M.J., Roberts, J.M., Conley, Y.P., Ren, D., Storvold, G.L., Ingles, S.A., Wilson, M.L., Staff, A.C., Hubel, C.A., Endoglin Pathway Genetic Variation in Preeclampsia: A Validation Study in Norwegian and Latina Cohorts, *Pregnancy Hypertension: An International Journal of Women's Cardiovascular Health* (2017), doi: <https://doi.org/10.1016/j.preghy.2017.10.005>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
