

## Accepted Manuscript

Title: Chest compressions during ventilation in out-of-hospital cardiac arrest cause reversed airflow

Authors: Christophe Duchatelet, Alain F. Kalmar, Koenraad G. Monsieurs, Said Hachimi-Idrissi

PII: S0300-9572(18)30145-X  
DOI: <https://doi.org/10.1016/j.resuscitation.2018.03.035>  
Reference: RESUS 7553

To appear in: *Resuscitation*

Received date: 18-8-2017  
Revised date: 20-3-2018  
Accepted date: 26-3-2018

Please cite this article as: Duchatelet Christophe, Kalmar Alain F, Monsieurs Koenraad G, Hachimi-Idrissi Said. Chest compressions during ventilation in out-of-hospital cardiac arrest cause reversed airflow. *Resuscitation* <https://doi.org/10.1016/j.resuscitation.2018.03.035>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Chest compressions during ventilation in out-of- hospital cardiac arrest cause reversed airflow.**
