Letter to the Editor

Movement-related neural processing in people with congenital mirror movements beyond the (cortical) surface

Renzo Manara, Alessandro Salvalaggio, Angela Favaro, Fabrizio Esposito

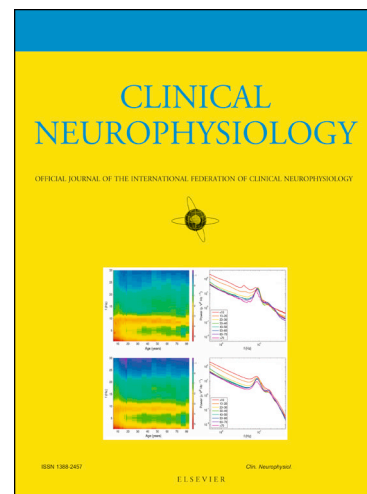

PII: S1388-2457(18)30002-6

DOI: <https://doi.org/10.1016/j.clinph.2017.11.032>

Reference: CLINPH 2008385

To appear in: *Clinical Neurophysiology*

Accepted Date: 28 November 2017

Please cite this article as: Manara, R., Salvalaggio, A., Favaro, A., Esposito, F., Movement-related neural processing in people with congenital mirror movements beyond the (cortical) surface, *Clinical Neurophysiology* (2018), doi: <https://doi.org/10.1016/j.clinph.2017.11.032>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Movement-related neural processing in people with congenital mirror movements beyond the (cortical) surface
