

## Accepted Manuscript

Vitamin D3 supplementation and the IL-2/IL-2R pathway in multiple sclerosis: Attenuation of progressive disturbances?

Linda Rolf, Anne-Hilde Muris, Ruud Theunissen, Raymond Hupperts, Jan Damoiseaux, Joost Smolders

PII: S0165-5728(17)30208-4  
DOI: doi:[10.1016/j.jneuroim.2017.11.007](https://doi.org/10.1016/j.jneuroim.2017.11.007)  
Reference: JN1 476661

To appear in: *Journal of Neuroimmunology*

Received date: 29 May 2017  
Revised date: 6 November 2017  
Accepted date: 8 November 2017

Please cite this article as: Linda Rolf, Anne-Hilde Muris, Ruud Theunissen, Raymond Hupperts, Jan Damoiseaux, Joost Smolders , Vitamin D3 supplementation and the IL-2/IL-2R pathway in multiple sclerosis: Attenuation of progressive disturbances?. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Jni(2017), doi:[10.1016/j.jneuroim.2017.11.007](https://doi.org/10.1016/j.jneuroim.2017.11.007)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
