New waves: Rhythmic electrical field stimulation systematically alters spontaneous slow dynamics across mouse neocortex

Anastasia Greenberg, Javad Karimi Abadchi, Clayton T. Dickson, Majid H. Mohajerani

PII: S1053-8119(18)30223-4

DOI: [10.1016/j.neuroimage.2018.03.019](https://doi.org/10.1016/j.neuroimage.2018.03.019)

Reference: YNIMG 14788

To appear in: *NeuroImage*

Received Date: 23 September 2017

Revised Date: 6 March 2018

Accepted Date: 8 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

New waves: Rhythmic electrical field stimulation systematically alters spontaneous slow dynamics across mouse neocortex

Authors: Anastasia Greenberg¹, Javad Karimi Abadchi², Clayton T. Dickson^{1,3,4*} and Majid H. Mohajerani^{2*}
