This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Title:** Connectomic markers of symptom severity in sport-related concussion: whole-brain analysis of resting-state fMRI

**Authors:**

Nathan W. Churchill, Ph.D. \*

Keenan Research Centre of the Li Ka Shing Knowledge Institute at St. Michael's Hospital  
Neuroscience Research Program, St. Michael's Hospital, Toronto, ON, Canada

Michael G. Hutchison, Ph.D.

Faculty of Kinesiology and Physical Education, University of Toronto  
Keenan Research Centre of the Li Ka Shing Knowledge Institute at St. Michael's Hospital

Simon J. Graham, Ph.D.

Department of Medical Biophysics, University of Toronto, Toronto, ON, Canada.  
Physical Sciences Platform, Sunnybrook Research Institute, Sunnybrook Health Sciences Centre,  
Toronto, ON, Canada

Tom A. Schweizer, Ph.D.

Keenan Research Centre of the Li Ka Shing Knowledge Institute at St. Michael's Hospital  
Neuroscience Research Program, St. Michael's Hospital, Toronto, ON, Canada  
Faculty of Medicine (Neurosurgery) University of Toronto, Toronto, ON, Canada  
The Institute of Biomaterials & Biomedical Engineering (IBBME) at the University of Toronto,  
Toronto, ON, Canada
