Longitudinal changes in microstructural white matter metrics in Alzheimer's disease

Chantel D. Mayo, Erin L. Mazerolle, Lesley Ritchie, John D. Fisk, Jodie R. Gawryluk

PII: S2213-1582(16)30249-2
DOI: doi: [10.1016/j.nicl.2016.12.012](https://doi.org/10.1016/j.nicl.2016.12.012)
Reference: YNICAL 892

To appear in: *NeuroImage: Clinical*

Received date: 15 September 2016
Revised date: 12 December 2016
Accepted date: 13 December 2016

Please cite this article as: Chantel D. Mayo, Erin L. Mazerolle, Lesley Ritchie, John D. Fisk, Jodie R. Gawryluk , Longitudinal changes in microstructural white matter metrics in Alzheimer's disease. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Ynicl(2016), doi: [10.1016/j.nicl.2016.12.012](https://doi.org/10.1016/j.nicl.2016.12.012)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
