Anatomical variation in a patient with lateral femoral cutaneous nerve entrapment neuropathy

Rinko Kokubo, MD, PhD, Kyongsong Kim, MD, PhD, Daijiro Morimoto, MD, PhD, Toyohiko Isu, MD, PhD, Naotaka Iwamoto, MD, PhD, Takao Kitamura, M.D, Akio Morita, MD, PhD

PII: S1878-8750(18)30879-9

DOI: [10.1016/j.wneu.2018.04.159](https://doi.org/10.1016/j.wneu.2018.04.159)

Reference: WNEU 7995

To appear in: *World Neurosurgery*

Received Date: 2 March 2018

Revised Date: 22 April 2018

Accepted Date: 23 April 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
