Pathogenesis of Idiopathic Ventral Herniation of the Spinal Cord: Neuropathological Analysis

Ronald H.M.A. Bartels, MD, PhD, Benno Kusters, MD, PhD, Han Brunner, MD, PhD, Allard J.F. Hosman, MD, PhD, Nens van Alfen, MD, PhD, J. André Grotenhuis, MD, PhD

PII: S1878-8750(18)30461-3

DOI: [10.1016/j.wneu.2018.02.187](https://doi.org/10.1016/j.wneu.2018.02.187)

Reference: WNEU 7603

To appear in: *World Neurosurgery*

Received Date: 8 February 2018

Revised Date: 26 February 2018

Accepted Date: 28 February 2018

Please cite this article as: Bartels RHMA, Kusters B, Brunner H, Hosman AJF, van Alfen N, Grotenhuis JA, Pathogenesis of Idiopathic Ventral Herniation of the Spinal Cord: Neuropathological Analysis, *World Neurosurgery* (2018), doi: 10.1016/j.wneu.2018.02.187.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Pathogenesis of Idiopathic Ventral Herniation of the Spinal Cord: Neuropathological Analysis

Ronald H.M.A. Bartels, MD, PhD, Department of Neurosurgery, Radboud university medical center, Nijmegen, the Netherlands

Benno Kusters, MD, PhD, Department of Pathological Anatomy, Radboud university medical center, Nijmegen, the Netherlands

Han Brunner, MD, PhD, Department of Human Genetics, Radboud university medical center, Nijmegen, the Netherlands

Allard J.F. Hosman, MD, PhD, Department of Orthopedic Surgery, Radboud university medical center, Nijmegen, the Netherlands

Nens van Alfen, MD, PhD., Department of Neurology and Clinical Neurophysiology, Donders Center for Neuroscience, Radboud university medical center, Nijmegen, the Netherlands

J. André Grotenhuis, MD, PhD, Department of Neurosurgery, Radboud university medical center, Nijmegen, the Netherlands

Address for correspondence
