“White Cord Syndrome” of Acute Hemiparesis after Posterior Cervical Decompression and Fusion for Chronic Cervical Stenosis

Prince Antwi, BA, Ryan Grant, MD, MS;, Gregory Kuzmik, MD, Khalid Abbed, MD

PII: S1878-8750(18)30296-1

DOI: [10.1016/j.wneu.2018.02.026](https://doi.org/10.1016/j.wneu.2018.02.026)

Reference: WNEU 7441

To appear in: *World Neurosurgery*

Received Date: 30 November 2017

Revised Date: 2 February 2018

Accepted Date: 5 February 2018

Please cite this article as: Antwi P, Grant R, Kuzmik G, Abbed K, “White Cord Syndrome” of Acute Hemiparesis after Posterior Cervical Decompression and Fusion for Chronic Cervical Stenosis, *World Neurosurgery* (2018), doi: 10.1016/j.wneu.2018.02.026.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**“White Cord Syndrome” of Acute Hemiparesis after Posterior Cervical
Decompression and Fusion for Chronic Cervical Stenosis.**

Authors: Prince Antwi, BA; Ryan Grant, MD, MS; Gregory Kuzmik, MD; Khalid Abbed, MD¹

Affiliation: Department of Neurosurgery, Yale University School of Medicine, 333 Cedar Street, New Haven, Connecticut 06510, USA

Corresponding author’s name and current institution: Prince Antwi, Yale School of Medicine, 333 Cedar Street, New Haven, CT 06510

Corresponding author’s email: prince.antwi@yale.edu

Keywords: white cord syndrome, reperfusion injury, cervical decompression

Running title: white cord syndrome following PCDF

Abstract word count: 145

Text word count: 1650

Number of references: 9

Number of figures: 3

Abbreviations: ACDF – anterior cervical decompression and fusion; PCDF – posterior cervical decompression and fusion; MRI – magnetic resonance imaging
