Keywords: Asthma; Asthma Action Plan; Emergency Department; Mobile Health; Pediatrics

Abbreviations used: ED – Emergency Department; EMR – Electronic Medical Record; NHLBI –
National Heart Lung and Blood Institute; RCT – Randomized Controlled Trial; UC – Urgent
Care

Funding Sources: Funding was provided by a private donation from the Heffner Foundation.

Trial Registration: ClinicalTrials.gov # NCT02333630.

Conflicts of Interest: Authors Stukus, Farooqui, Strothman, Ryan, Zhao, Stevens, and Cohen
report no relevant conflicts of interest related to this manuscript.

Author contribution: We acknowledge that this manuscript exceeds the author limit for
submissions. However, each author meets authorship criteria as stated by the Annals of Allergy,
Asthma and Immunology, and specified below:

Dr. Stukus: Contributed to study conception and design, data analysis and interpretation, drafted
and reviewed the manuscript, gave final approval of this version submitted for publication, and
agrees to be accountable for all aspects of the work related to its accuracy or integrity.

Dr. Farooqui: Contributed to study conception and design, data analysis and interpretation,
critically reviewed the manuscript, gave final approval of this version submitted for publication,
and agrees to be accountable for all aspects of the work related to its accuracy or integrity.
