Biodiversity: the new kid on the block?

Erika von Mutius, MD, MSc

PII: S0091-6749(18)30227-6

DOI: [10.1016/j.jaci.2018.01.036](https://doi.org/10.1016/j.jaci.2018.01.036)

Reference: YMAI 13296

To appear in: *Journal of Allergy and Clinical Immunology*

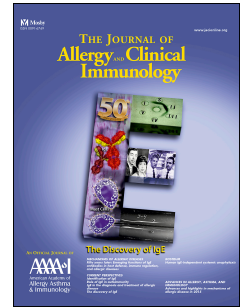

Received Date: 18 October 2017

Revised Date: 18 January 2018

Accepted Date: 30 January 2018

Please cite this article as: von Mutius E, Biodiversity: the new kid on the block?, *Journal of Allergy and Clinical Immunology* (2018), doi: 10.1016/j.jaci.2018.01.036.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
