3 Journal of the American Academy of Dermatology

4 Dear Sir,

5 I intend to publish an article entitled, “ ‘**Extract, Dissolve, and Administer [EDA]**  
6 **technique’ – An extemporaneous approach for optimizing Acitretin dosing in pe-**  
7 **diatric patients”** in your esteemed journal as a **therapeutic pearl**.

8 Acitretin is commercially available as only gelatine coated capsule formulation (10mg  
9 and 25mg). Un availability of syrup formulation poses a problem in children who require  
10 less than10 mg acitretin. We have tried to give a extemporaneous approach for optimis-  
11 ing the acitretin dosage in paediatric patients.

12 I declare that this manuscript has not been submitted to any other journal and this rep-  
13 resents our original work.

14 Thanking you

15 **Dr. Deepak Jakhar**
