This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Testing the role of the antioxidant uric acid as a biomarker of suicidal ideation in subjects
with major affective disorders: an exploratory study**

Running title: Uric acid and suicidal ideation

Francesco Bartoli ^{a*}, Cristina Crocamo ^a, Giulia Trotta ^a, Mattia Bava ^a, Enrico Capuzzi ^a, Gloria Castagna ^a, Lia Chiara Colzani ^a, Maria Rosaria Malerba ^a, Massimo Clerici ^a, Giuseppe Carrà ^{a,b}.
