**Funding:** This project is funded by a Veteran Affairs Health Services Research and Development CREATE grant (CRE-12-033) and partially funded by the Houston VA HSR&D Center for Innovations in Quality, Effectiveness and Safety (CIN 13-413). Dr. Murphy is additionally funded by an Agency for Healthcare Research & Quality Mentored Career Development Award (K08-HS022901) and Dr. Singh is additionally supported by the VA Health Services Research and Development Service (CRE 12-033; Presidential Early Career Award for Scientists and Engineers USA 14-274), the VA National Center for Patient Safety and the Agency for Health Care Research and Quality (R01HS022087). These funding sources had no role in the design and conduct of the study; collection, management, analysis, and interpretation of the data; and preparation, review, or approval of the manuscript. There are no conflicts of interest for any authors.
