Long Noncoding RNA uc.173 Promotes Renewal of the Intestinal Mucosa by Inducing Degradation of MicroRNA 195

Lan Xiao, Jing Wu, Jun-Yao Wang, Hee Kyoung Chung, Sudhakar Kalakonda, Jaladanki N. Rao, Myriam Gorospe, Jian-Ying Wang

PII: S0016-5085(17)36250-9
DOI: [10.1053/j.gastro.2017.10.009](https://doi.org/10.1053/j.gastro.2017.10.009)
Reference: YGAST 61483

To appear in: *Gastroenterology*
Accepted Date: 7 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Long Noncoding RNA *uc.173* Promotes Renewal of the Intestinal Mucosa
by Inducing Degradation of MicroRNA 195**

Running Title: LncRNA *uc.173* promotes gut mucosal growth

Submitted to: *Gastroenterology*

Author Contributions: L.X. and J.W. performed most experiments and summarized data. J.Y.W., H.K.C, and S.K. performed experiments in vivo and biotin pull-down assays. J.N.R. performed experiments regarding miR-195 promoter. M.G. contributed to experimental design and data analysis. J.Y.W. designed experiments, analyzed data, prepared figures, and drafted the manuscript.

Abbreviations used: LncRNA, long noncoding RNA; T-UCRs, transcribed ultraconserved regions; IECs, intestinal epithelial cells; RBPs, RNA-binding proteins; miRNAs, microRNAs; pri-miRNA, primary miRNA; UTR, untranslated region; CR, coding region; miR-Luc, miR-195 promoter luciferase reporter.
