Toll-Like Receptor 7 Agonist GS-9620 Induces Prolonged Inhibition of HBV  
via a Type I Interferon-Dependent Mechanism

Congrong Niu, Li Li, Stephane Daffis, Julie Lucifora, Marc Bonnin, Sarah  
Maadadi, Eduardo Salas, Ruth Chu, Hilario Ramos, Christine M. Livingston,  
Rudolf K. Beran, Abhishek V. Garg, Scott Balsitis, David Durantel, Fabien  
Zoulim, William E. Delaney IV, Simon P. Fletcher

PII: S0168-8278(17)32489-3  
DOI: <https://doi.org/10.1016/j.jhep.2017.12.007>  
Reference: JHEPAT 6789

To appear in: *Journal of Hepatology*

Received Date: 9 May 2017  
Revised Date: 17 November 2017  
Accepted Date: 6 December 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
