Development of a prognostic score to predict response to yttrium-90 radioembolization for hepatocellular carcinoma with portal vein invasion

Carlo Spreafico, Carlo Sposito, Marta Vaiani, Tommaso Cascella, Sherrie Bhoori, Carlo Morosi, Rodolfo Lanocita, Raffaele Romito, Carlo Chiesa, Marco Maccauro, Alfonso Marchianò, Vincenzo Mazzaferro

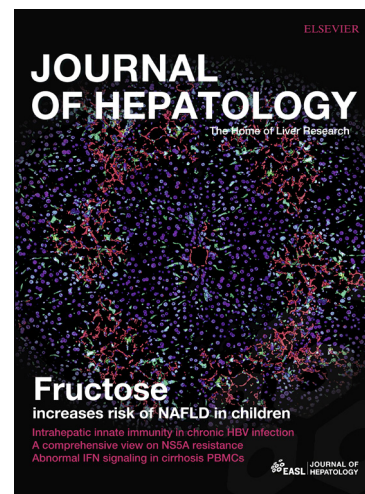

PII: S0168-8278(18)30010-2
DOI: <https://doi.org/10.1016/j.jhep.2017.12.026>
Reference: JHEPAT 6817

To appear in: *Journal of Hepatology*

Received Date: 16 August 2017
Revised Date: 18 December 2017
Accepted Date: 20 December 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

DEVELOPMENT OF A PROGNOSTIC SCORE TO PREDICT RESPONSE TO YTTRIUM-90 RADIOEMBOLIZATION FOR HEPATOCELLULAR CARCINOMA WITH PORTAL VEIN INVASION

Carlo Spreafico¹, Carlo Sposito², Marta Vaiani¹, Tommaso Cascella¹, Sherrie Bhoori², Carlo Morosi¹, Rodolfo Lanocita¹, Raffaele Romito², Carlo Chiesa³, Marco Maccauro³, Alfonso Marchianò¹, Vincenzo Mazzaferro^{2,4}

Keywords: radioembolization; hepatocellular carcinoma; portal vein thrombosis; liver neoplasms; prognosis

Electronic word count: 3226

Number of figures: 3 **Number of tables:** 3

Conflict of interest statement: Spreafico, Sposito, Cascella, Bhoori, Morosi, Romito, Chiesa, Maccauro, Marchianò and Mazzaferro received honoraria from BTG for training courses with educational purposes on radioembolization.

Financial support statement: No financial support was provided for the conduct of the research nor for the preparation of the article.

Authors contributions: Spreafico, Sposito, Mazzaferro: concept and design, analysis and interpretation of data, writing of article. Vaiani: writing of article, collection of radiological data. Cascella, Morosi, Lanocita, Marchianò: collection of radiological data, radiological procedures. Bhoori, Romito: collection clinical data and patients management. Maccauro, Chiesa: collection of Nuclear Medicine data, analysis and interpretation of data.
