This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

“Emergency Management of SCD Pain Crises: Current Practices and Playing Variables”

Authors:

Almuqamam M¹, Diaz – Frias J¹, Malik M¹, Mohamed AA², Sedrak A³

1 MD Pediatric Residents at the Department of Paediatrics, The Brooklyn Hospital Center, Brooklyn, New York, USA; 2 Academic Clinical Fellow, University Hospitals of Leicester NHS Trust ; 3 MD Pediatric Heme-Onc Attending at the Division of Paediatric Haematology/Oncology, The Brooklyn Hospital Center, Brooklyn, New York, USA.

Key Words: Emergency Department (ED), Vaso-Occlusive Crises (VOC), American Pain Society (APS), Hematology-Oncology (Hem-Onc), Sickle Cell Disease (SCD)

Author’s contributions: All of the authors contributed equally and meet the 4 criteria described by ICMJE as follows (1.Substantial contributions to the conception or design of the work; or the acquisition, analysis, or interpretation of data for the work. 2. Drafting the work or revising it critically for important intellectual content. 3. Final approval of the version to be published 4. Agreement to be accountable for all aspects of the work in ensuring that questions related to the accuracy or integrity of any part of the work are appropriately investigated and resolved).

Declaration of conflict of Interests: The authors report no potential conflicts of interest. The authors alone are responsible for the content and writing of this article. We didn’t receive any grants, scientific writing assistance, financial or other support from any person or organization. This manuscript has not been published elsewhere and not been submitted simultaneously for publication elsewhere. Conference presentation: the abstract has been submitted to the 10th Annual Pediatric Conference, September 2017, LA, USA.
