New use for an old treatment: Hydroxychloroquine as a potential treatment for systemic vasculitis

Alina Casian, Shirish Sangle, David P. D'Cruz

PII: S1568-9972(18)30105-8
DOI: doi:[10.1016/j.autrev.2018.01.016](https://doi.org/10.1016/j.autrev.2018.01.016)
Reference: AUTREV 2159

To appear in:

Received date: 4 January 2018
Accepted date: 9 January 2018

Please cite this article as: Alina Casian, Shirish Sangle, David P. D'Cruz , New use for an old treatment: Hydroxychloroquine as a potential treatment for systemic vasculitis. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Autrev(2018), doi:[10.1016/j.autrev.2018.01.016](https://doi.org/10.1016/j.autrev.2018.01.016)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**New Use for an Old Treatment: Hydroxychloroquine as a Potential
Treatment for Systemic Vasculitis**
