Central Nervous System Blastomycosis Diagnosed using the MVista[®] *Blastomyces* Quantitative Antigen Enzyme Immunoassay Test on Cerebrospinal Fluid: A Case Report and Review of the Literature

Andrew Walkty, Yoav Keynan, James Karlowsky, Perry Dhaliwal, John Embil

PII: S0732-8893(17)30339-5
DOI: doi: [10.1016/j.diagmicrobio.2017.10.015](https://doi.org/10.1016/j.diagmicrobio.2017.10.015)
Reference: DMB 14449

To appear in: *Diagnostic Microbiology and Infectious Disease*

Received date: 10 August 2017
Revised date: 23 October 2017
Accepted date: 24 October 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Central Nervous System Blastomycosis Diagnosed using the MVista® *Blastomyces*
Quantitative Antigen Enzyme Immunoassay Test on Cerebrospinal Fluid: A Case Report
and Review of the Literature**
