Title: Hyaluronic Acid: Still Useful in Knee Osteoarthritis?

Author: Pascal Richette

PII: S1297-319X(17)30087-8

DOI: <http://dx.doi.org/doi:10.1016/j.jbspin.2017.05.002>

Reference: BONSOI 4579

To appear in:

Accepted date: 15-3-2017

Please cite this article as: Richette P, Hyaluronic Acid: Still Useful in Knee Osteoarthritis?, *Joint Bone Spine* (2017), <http://dx.doi.org/10.1016/j.jbspin.2017.05.002>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Hyaluronic Acid: Still Useful in Knee Osteoarthritis?
