Routine screening for colonization by Gram-negative bacteria in neonates at intensive care units for the prediction of sepsis: systematic review and meta-analysis

Juliane Seidel, Sebastian Haller, Tim Eckmanns, Thomas Harder

PII: S0195-6701(18)30168-3

DOI: [10.1016/j.jhin.2018.03.017](https://doi.org/10.1016/j.jhin.2018.03.017)

Reference: YJHIN 5377

To appear in: *Journal of Hospital Infection*

Received Date: 9 January 2018

Accepted Date: 16 March 2018

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **Title:**

2 **Routine screening for colonization by Gram-negative bacteria in neonates at intensive care units**
3 **for the prediction of sepsis: systematic review and meta-analysis**

4

5 **Authors and affiliations:**

6 **Juliane Seidel^{1, 2, 3}; Sebastian Haller¹; Tim Eckmanns¹; Thomas Harder¹**

7
