Immunoglobulin isotype switching of antibodies to vimentin is associated with development of transplant glomerulopathy following human renal transplantation

Muthukumar Gunasekaran, Thin Thin Maw, Rowena Delos Santos, Surendra Shenoy, Jason Wellen, T. Mohanakumar

PII: S0966-3274(17)30110-7
DOI: doi: [10.1016/j.trim.2017.09.001](https://doi.org/10.1016/j.trim.2017.09.001)
Reference: TRIM 1107

To appear in: *Transplant Immunology*

Received date: 15 August 2017
Revised date: 8 September 2017
Accepted date: 9 September 2017
