This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **Full title**

2 Trends and differences in tuberculosis incidences and clustering among
3 natives in Denmark, Sweden and Finland – a comparison of native incidences
4 and molecular epidemiology among three low incidence countries

5

6 **Running title**

7 Tuberculosis in three Nordic countries

8

9 **Category**

10 Original article
