

# Accepted Manuscript

The past, present, and future of selective progesterone receptor modulators in the management of uterine fibroids - an alternative perspective

F. Odejinmi, H. Annan, R. Mallick

PII: S0002-9378(18)30244-8

DOI: [10.1016/j.ajog.2018.03.029](https://doi.org/10.1016/j.ajog.2018.03.029)

Reference: YMOB 12119

To appear in: *American Journal of Obstetrics and Gynecology*

Received Date: 30 January 2018

Accepted Date: 24 March 2018

Please cite this article as: Odejinmi F, Annan H, Mallick R, The past, present, and future of selective progesterone receptor modulators in the management of uterine fibroids - an alternative perspective, *American Journal of Obstetrics and Gynecology* (2018), doi: 10.1016/j.ajog.2018.03.029.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**The past, present, and future of selective progesterone receptor modulators in the management of uterine fibroids - an alternative perspective**
