This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Associations of Neighborhood-Level Racial Residential Segregation with Adverse Pregnancy Outcomes

1. Mr. Arturo D SALOW, B.S., Chicago, IL, Northwestern University Feinberg School of Medicine
2. Lindsay R POOL, PhD, Chicago, IL, Northwestern University Feinberg School of Medicine Department of Preventive Medicine
3. William A. GROBMAN, M.D., Chicago, IL, Northwestern University Feinberg School of Medicine Department of Preventive Medicine, Department of Obstetrics & Gynecology Northwestern Medical Group
4. Kiarri N. KERSHAW, PhD, Chicago, IL, Northwestern University Feinberg School of Medicine Department of Preventive Medicine

The authors report no conflicts of interest. This study was funded internally and funding sources had no involvement in design, analysis, writing, or submission of this article.

Some of the findings in this paper are subject of an Oral Presentation in Dallas, Texas on February 3rd, 2018 during the 2018 SMFM Pregnancy Meeting running from January 29th to February 3rd. This manuscript has been submitted solely to AJOG and the authors have not previously published a related paper from the same study.
