

Subject Index

Volume 42 (2015)

- A sensation of irritation in the throat;** A sensation of mucus in the throat; Basidiomycetous fungi; Chronic cough; Fungus-associated chronic cough; Nebulized amphotericin B **42, 221**
- A sensation of mucus in the throat;** A sensation of irritation in the throat; Basidiomycetous fungi; Chronic cough; Fungus-associated chronic cough; Nebulized amphotericin B **42, 221**
- Abscess;** Cervical esophageal perforation; Neck; Negative pressure wound therapy **42, 254**
- Acoustic radiation force impulse (ARFI);** Normal salivary gland; Head and neck tumor; Salivary gland tumor; Virtual touch tissue quantification (VTQ); Virtual touch tissue imaging quantification (VTIQ) **42, 128**
- Acute otitis media (AOM);** Antimicrobial agent; Treatment algorithm; Multidrug-resistant bacteria; Recurrent otitis media (ROM); Vaccination **42, 99**
- Adenoid cystic carcinoma;** Nasolacrimal duct; Lacrimal passage; Proton beam therapy **42, 496**
- Adenoid cystic carcinoma;** Sinonasal malignancy; HPV **42, 53**
- Adenoid hypertrophy;** Tympanoplasty; Graft; Cartilage; Fascia **42, 20**
- Adenoidectomy;** Crouzon syndrome; Grisel's syndrome; Skull base **42, 416**
- Adenoids;** Nasal obstruction; Apoptosis; In situ nick-end labeling **42, 449**
- Adult;** Human papillomavirus; Recurrent papillomatosis; Male; Mexico **42, 385**
- AFX;** Atypical Fibroxanthoma **42, 469**
- Aging;** Swallowing reflex; Upper esophageal sphincter; Laryngeal elevation **42, 134**
- Agranulocytosis;** Invasive aspergillosis; Laryngeal aspergillosis; Laryngeal granulomatous diseases **42, 501**
- Air conduction;** Bone conduction; Occlusion effect; Aural cartilage; Cartilage-air; Cartilage-bone; Direct-air; Tragus **42, 15**
- Airway foreign body;** Carotid blowout; Tonsil cancer; Stent extrusion; Intraoperative brachytherapy **42, 176**
- Amyotrophic lateral sclerosis;** Dysphagia; Videofluoroscopy; Severity scale **42, 213**
- Angiolytic laser surgery;** Microflap surgery; Vocal polyp; Vocal outcome **42, 453**
- Angiosarcoma;** Deep neck; Jugular vein; Surgery; Postoperative radiotherapy **42, 68**
- Antimicrobial agent;** Acute otitis media (AOM); Treatment algorithm; Multidrug-resistant bacteria; Recurrent otitis media (ROM); Vaccination **42, 99**
- Apnea-hypopnea index;** Harmonic Scalpel; Portable monitoring device; Postoperative complication; Clinical pathway **42, 208**
- Apoptosis;** Adenoids; Nasal obstruction; In situ nick-end labeling **42, 449**
- Arytenoid;** Chondroma; Laryngopharyngeal reflux **42, 428**
- Aspergillus antigen;** Hypertrophic cranial pachymeningitis; Voriconazole **42, 488**
- Aspiration pneumonia;** Gastroesophageal reflux disease (GERD); Pulmonary fibrosis; Pharynx; Larynx **42, 382**
- Atypical Fibroxanthoma;** AFX **42, 469**
- Audiology;** Sensorineural hearing loss; Steroid therapy; Auditory neuropathy; Hereditary sensorimotor neuropathy **42, 249**
- Auditory brainstem response;** Newborn hearing screening; Otoacoustic emissions; Hearing loss **42, 199**
- Auditory neuropathy;** Audiology; Sensorineural hearing loss; Steroid therapy; Hereditary sensorimotor neuropathy **42, 249**
- Aural cartilage;** Air conduction; Bone conduction; Occlusion effect; Cartilage-air; Cartilage-bone; Direct-air; Tragus **42, 15**
- Auricular muscle;** Tinnitus; Myoclonus; Botulinum toxin **42, 173**
- Bacterial biofilm;** Chronic rhinosinusitis; MUC1; MUC2; MUC5AC; MUC5B **42, 294**
- Basidiomycetous fungi;** A sensation of irritation in the throat; A sensation of mucus in the throat; Chronic cough; Fungus-associated chronic cough; Nebulized amphotericin B **42, 221**
- Bioradiotherapy;** Salvage surgery; Chemoradiotherapy; Cetuximab; Head and neck squamous cell carcinoma **42, 145**
- Blowout fracture;** Medial rectus muscle; Endoscope; Endoscopic endonasal surgery **42, 241**
- Bone conduction;** Air conduction; Occlusion effect; Aural cartilage; Cartilage-air; Cartilage-bone; Direct-air; Tragus **42, 15**
- Bone graft;** Nasal septum; L strut; Septal surgery; Recycle **42, 24**
- Botulinum toxin;** Tinnitus; Auricular muscle; Myoclonus **42, 173**

- Branchial anomaly;** Tract of branchial fistula; Facial nerve **42, 119**
- Branchial cleft anomaly;** Pyriform sinus; Fistula; Pediatric **42, 34**
- Branchial cleft cyst;** Robotic surgery; Facelift approach **42, 424**
- Caloric test;** Vestibular schwannoma; Gamma-knife; Radiosurgery; Vestibular evoked myogenic potential **42, 265**
- Carcinoid tumor;** Paraganglioma; Carotid body **42, 59**
- Carotid artery;** Carotid body tumor; Preoperative embolization; Injury **42, 226**
- Carotid blowout;** Tonsil cancer; Stent extrusion; Airway foreign body; Intraoperative brachytherapy **42, 176**
- Carotid body;** Paraganglioma; Carcinoid tumor **42, 59**
- Carotid body tumor;** Preoperative embolization; Injury; Carotid artery **42, 226**
- Cartilage;** Tympanoplasty; Graft; Fascia; Adenoid hypertrophy **42, 20**
- Cartilage-air;** Air conduction; Bone conduction; Occlusion effect; Aural cartilage; Cartilage-bone; Direct-air; Tragus **42, 15**
- Cartilage-bone;** Air conduction; Bone conduction; Occlusion effect; Aural cartilage; Cartilage-air; Direct-air; Tragus **42, 15**
- c-erbB-2;** Salivary duct carcinoma; Radiotherapy; Distant metastasis; EGFR **42, 472**
- Cerebellopontine angle;** Facial nerve; Mastoidectomy; Petroclival; Fluorescence; ICG; Electrophysiological neuromonitoring **42, 113**
- Cervical esophageal perforation;** Neck; Abscess; Negative pressure wound therapy **42, 254**
- Cetuximab;** Salvage surgery; Chemoradiotherapy; Bioradiotherapy; Head and neck squamous cell carcinoma **42, 145**
- Chemoradiotherapy;** Salvage surgery; Bioradiotherapy; Cetuximab; Head and neck squamous cell carcinoma **42, 145**
- Chemotherapy;** Head and neck cancer; Hypopharyngeal cancer; Intra-arterial; Radiotherapy **42, 443**
- Chemotherapy;** Nasal cavity; Ethmoid sinus; Squamous cell carcinoma; Surgery; Endoscopic; Radiation therapy **42, 377**
- Chemotherapy;** Recurrent or metastatic head and neck squamous cell carcinoma; Docetaxel; Cisplatin; Fluorouracil; TPF **42, 396**
- Chest CT;** Head and neck cancer; Lung metastases; Small lung nodules **42, 49**
- Cholesteatoma;** Retracted eardrum; Pathogenesis; Epithelial inclusion **42, 107**
- Chondroma;** Arytenoid; Laryngopharyngeal reflux **42, 428**
- Chronic cough;** A sensation of irritation in the throat; A sensation of mucus in the throat; Basidiomycetous fungi; Fungus-associated chronic cough; Nebulized amphotericin B **42, 221**
- Chronic otitis media;** Toll-like receptor (TLR) 2; TLR 4 **42, 431**
- Chronic rhinosinusitis;** MUC1; MUC2; MUC5AC; MUC5B; Bacterial biofilm **42, 294**
- Chronic rhinosinusitis;** Periostin; Nasal polyp; Remodeling **42, 123**
- Cidofovir;** Respiratory papillomatosis; Therapy; Survey; Japan **42, 218**
- Cisplatin;** Recurrent or metastatic head and neck squamous cell carcinoma; Docetaxel; Fluorouracil; TPF; Chemotherapy **42, 396**
- Clinical pathway;** Harmonic Scalpel; Portable monitoring device; Apnea-hypopnea index; Postoperative complication **42, 208**
- Cochlea;** Inner hair cell; Potassium current; Nitric oxide **42, 360**
- Cochlear implantation;** Epstein syndrome; MYH9 gene **42, 160**
- Complications;** Thyroidectomy; Substernal goiter; Ultrasonic devise; Electrocautery **42, 311**
- Computerised dynamic posturography;** Falls; Elderly; Timed up and go; DHI; Short FES-I **42, 8**
- Connective tissue disorder;** Osteogenesis imperfecta; Major cervical vessel rupture; Spontaneous rupture of ICA; Weakness of the vessel wall **42, 56**
- Corticosteroids;** Subglottic laryngitis; History; Therapy; Racemic epinephrine **42, 390**
- Crouzon syndrome;** Grisel's syndrome; Skull base; Adenoidectomy **42, 416**
- Cryptococcus neoformans;** Larynx; Immunocompromised host; Laryngeal tumor **42, 337**
- Deep neck;** Angiosarcoma; Jugular vein; Surgery; Postoperative radiotherapy **42, 68**
- Dental infection;** Unilateral sinusitis; Image examination **42, 288**
- Dermoid;** Nasopharynx; Endoscopic surgery; Eustachian tube; Hairly polyp **42, 235**
- DHI;** Falls; Elderly; Computerised dynamic posturography; Timed up and go; Short FES-I **42, 8**
- Direct-air;** Air conduction; Bone conduction; Occlusion effect; Aural cartilage; Cartilage-air; Cartilage-bone; Tragus **42, 15**
- Distant metastasis;** Head and neck cancer; N3 neck disease; Induction chemotherapy **42, 150**
- Distant metastasis;** Salivary duct carcinoma; Radiotherapy; c-erbB-2; EGFR **42, 472**
- DNA damage;** Oxidative status; PFAPA **42, 406**
- Docetaxel;** Recurrent or metastatic head and neck squamous cell carcinoma; Cisplatin; Fluorouracil; TPF; Chemotherapy **42, 396**
- Dysphagia;** Amyotrophic lateral sclerosis; Videofluoroscopy; Severity scale **42, 213**
- Dysphagia;** Tuberculosis; Pharyngeal paralysis; Nasal; Recurrent laryngeal nerve paralysis; Pharyngeal tuberculosis **42, 63**
- Ear mold;** Silicone impression; Foreign body; Hearing aid; Middle ear; Physical trauma **42, 419**
- Ectopic tumor;** Olfactory neuroblastomas; Sphenoid sinus; Endoscopic surgery **42, 170**
- Education;** Three-dimensional endoscopy; Endoscopic sinus surgery; Skull base surgery **42, 203**
- EGFR;** Salivary duct carcinoma; Radiotherapy; Distant metastasis; c-erbB-2 **42, 472**
- Elderly;** Falls; Computerised dynamic posturography; Timed up and go; DHI; Short FES-I **42, 8**
- Electrocautery;** Thyroidectomy; Substernal goiter; Ultrasonic devise; Complications **42, 311**
