

The *Kaohsiung Journal of Medical Sciences (KJMS)* is the official peer-reviewed and SCIE-indexed journal of Kaohsiung Medical University (KMU). It is published monthly by Elsevier. The Journal aims to publish original research and review papers on all fields of medicine and related disciplines that are of topical interest to the medical profession.

Authors are welcome to submit reviews, original articles, short communications, and letters to the editor for consideration.

The Editorial Board requires authors to be in compliance with the *Uniform Requirements for Manuscripts Submitted to Biomedical Journals (URMs)*, which are compiled by the International Committee of Medical Journal Editors (ICMJE); current URMs are available at <http://www.icmje.org>.

These Instructions to Authors are revised periodically by the Editors as needed. Authors should consult a recent issue of the Journal or visit www.kjms-online.com for the latest version of these instructions. Any manuscript not prepared according to these instructions will be returned immediately to the author(s) without review.

1. Manuscript Submission

1.1. Online Submission

Manuscripts (meaning all submission items, including all text, tables, artwork, cover letter, conflicts of interest disclosures, and any other required documents/material) must be submitted online to the *KJMS* through the Elsevier Editorial System (EES) at <http://ees.elsevier.com/kjms>. If assistance is required, please refer to the tutorials for authors and/or customer support that are available on the EES website; you may also contact the Editorial Office. Please do not post, fax or e-mail your manuscripts to the Editorial Office.

Editorial Office
Kaohsiung Journal of Medical Sciences (KJMS)
Kaohsiung Medical University
100 Shih-Chuan 1st Road, Kaohsiung 807, Taiwan

Fax: (+886) 7-322-1107
E-mail: kjms@kmu.edu.tw

1.2. Important Information

- Articles should be in Microsoft Word document format and prepared in the simplest form possible. We will add in the correct font, font size, margins and so on according to the Journal's style.
- You may use automatic page numbering, but do NOT use other kinds of automatic formatting such as footnotes, headers and footers.

- Put text, references, table headings and tables, and figure legends in one file.
- Figures must be submitted as separate picture files, at the correct resolution and named according to the figure number and format, e.g., "Fig1.tif", "Fig2.jpg". Please see Section 9.8. for more information.

1.3. Supporting Documents

The following documents must be included in your submission (refer also to the Checklist that follows these author instructions). Items (1), (2) and (3) are mandatory. Items (4), (5), (6) and (7) are required only if they are applicable to your manuscript.

- (1) Cover Letter. This must include the following information:

- title of the manuscript
- names (spelled out in full) of all the authors*, and the institutions with which they are affiliated; indicate all affiliations with a superscripted lowercase letter after the author's name and in front of the matching affiliation (**the name of each author should be written with the family name last, e.g., Wan-Lin Chang*)
- corresponding author details (name, e-mail, mailing address, telephone and fax numbers)
- Chinese authors should provide their names, affiliations and contact details in both English and Chinese characters
- a statement that the material contained in the manuscript has not been previously published and is not being concurrently submitted elsewhere
- persons who do not fulfill the requirements to be listed as authors but who nevertheless contributed to the manuscript (such as those who provided writing assistance, for example) should be disclosed
- list of manuscripts that have been published, submitted, or are in press that are similar to the submission to the *KJMS* (and include in your submission copies of those similar manuscripts so that *KJMS* Editors can be assured there is no overlap)
- the signature of the first author or the corresponding author

- (2) Authorship & Conflicts of Interest Statement. Each author's contribution to the manuscript should be listed. Any and all potential and actual conflicts of interest should also be listed (see Section 2 for more information). Please use the *KJMS Authorship & Conflicts of Interest Statement* form that follows these author instructions and that is also provided on the Journal's website at www.kjms-online.com. Your signature and those of ALL your coauthors must be included.

- (3) Copyright Transfer Agreement. In the event that your manuscript is accepted for publication in the *KJMS*, you are required to transfer all copyright ownership in and relating to the work to KMU. Please use the *KJMS Copyright Transfer Agreement* form that follows these author instructions and that is also provided on the Journal's website at www.kjms-online.com. Your signature and those of ALL your coauthors must be included.
- (4) Ethics Statement. Articles covering the use of human or animal samples in research, or human or animal experiments must be accompanied by a letter of approval from the relevant review committee or authorities. See Section 3 for more information.
- (5) Consolidated Standards of Reporting Trials (CONSORT) flow chart for randomized controlled trials submitted for publication. See Section 4 for more information.
- (6) Signed Statement of Informed Consent. Articles where human subjects can be identified in descriptions, photographs or pedigrees must be accompanied by a signed statement of informed consent to publish (in print and online) the descriptions, photographs and pedigrees from each subject who can be identified. See Section 5 for more information.
- (7) Copyright Permission. If you have reproduced or adapted material from other copyrighted sources, the letter(s) of permission from the copyright holder(s) to reproduce or adapt the copyrighted sources must be supplied. Otherwise, such material must be removed from your manuscript. You may use the *Permission Request and License* form that follows these author instructions and that is also provided on the Journal's website at www.kjms-online.com in your communication with the copyright holder(s).

2. Disclosure of Conflicts of Interest

A conflict of interest occurs when an individual's objectivity is potentially compromised by a desire for financial gain, prominence, professional advancement or a successful outcome. *KJMS* Editors strive to ensure that what is published in the Journal is as balanced, objective and evidence-based as possible. Since it can be difficult to distinguish between an actual conflict of interest and a perceived conflict of interest, the Journal requires authors to disclose all and any potential conflicts of interest.

Conflicts of interest may be financial or non-financial. Financial conflicts include financial relationships

such as honoraria; educational grants; participation in speakers' bureaus; membership, employment, consultancies, stock ownership, or other equity interest; expert testimony or patent-licensing arrangements. Non-financial conflicts include personal or professional relationships, affiliations, academic competition, intellectual passion, knowledge or beliefs that might affect objectivity.

Please ensure that the name of each author listed in your manuscript appears in either Section I or Section II on page 2 of the *KJMS Authorship & Conflicts of Interest Statement* form (an author's name cannot appear in both Section I and Section II of the form).

3. Ethical Approval of Studies and Informed Consent

For human or animal experimental investigations, appropriate institutional review board or ethics committee approval is required, and such approval should be stated in the methods section of the manuscript. For those investigators who do not have formal ethics review committees, the principles outlined in the Declaration of Helsinki should be followed (World Medical Association. *Declaration of Helsinki: ethical principles for medical research involving human subjects*. Available at: <http://www.wma.net/en/30publications/10policies/b3/17c.pdf>).

For investigation of human subjects, state explicitly in the methods section of the manuscript that informed consent was obtained from all participating adult subjects and from parents or legal guardians for minors or incapacitated adults, together with the manner in which informed consent was obtained (e.g., oral or written).

For work involving animals, the guidelines for their care and use that were followed should be stated in the methods section of the manuscript. For those investigators who do not have formal institutional guidelines relating to animal experiments, the *European Commission Directive 86/609/EEC for animal experiments* (available at http://ec.europa.eu/environment/chemicals/lab_animals/legislation_en.htm) should be followed and the same should be stated in the methods section of the manuscript.

4. Reporting Clinical Trials

All randomized controlled trials submitted for publication should include a completed Consolidated Standards of Reporting Trials (CONSORT) flow chart (please go to <http://www.consort-statement.org> for more information). The *KJMS* has adopted the ICMJE proposal that requires, as a condition of consideration for publication of clinical trials, registration in a public trials registry. Purely observational studies
