This project was supported by the National Cancer Institute (5-T32-CA-180984-03 to DRK) and by Blue Cross Blue Shield of Michigan (BCBSM) as part of the BCBSM Value Partnerships Program. The opinions, beliefs and viewpoints expressed by the authors do not necessarily reflect those of BCBSM or any of its employees.

Conflicts of Interest:

TMM: Myriad Genetics advisory board and research funding + GenomeDx research funding.

DCM: Contract support from the Blue Cross Blue Shield of Michigan (BCBSM) for the Michigan Value Collaborative (MVC) and the Michigan Urological Surgery Improvement Collaborative (MUSIC)

Author contributions:

DRK: Conceptualization, formal analysis, methodology, original draft, review & editing; JQ: Formal analysis, validation, original draft, review& editing; TMM: Conceptualization, investigation, methodology, original draft, review& editing; SL: Data curation, funding acquisition, methodology, project administration, review& editing; BL: Investigation, methodology, original draft, review& editing; JEM: Conceptualization, formal analysis,
